

COREY CEMETERY * * * * * LUBEC, MAINE

Lubec, Washington County, Maine

(Location: Take Rte 189 from Lubec to Whiting. One and one half miles from Lubec, turn left at the VFW Hall on dirt road that leads to a group of four cemeteries. The COREY Cemetery is located next to the Olson Cemetery on the left side of the road as shown on the attached map.)

The inscriptions in this booklet have been taken from the stones in the COREY Cemetery during the summer of 1988. The list reflects all known burials up to that time. There are a few graves that do not have stones.

The booklet is divided into sections for ease of locating individual family grave sites.

Sec I - Drawing of the cemetery and locations of each lot as numbered.

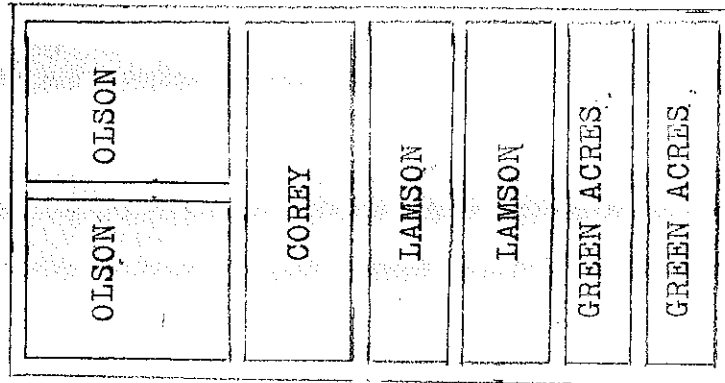

Sec II - Alphabetical listing of plots with the identifying plot number and list of those buried in that plot.

Sec III - Listing by plot numbers with the family name of person in the plot.

Sec IV - For inserting burial information after this booklet was made.

This booklet with drawings and inscriptions made by

Bernard M. Ross

This appears to be one large Cemetery, but is actually made up of four that are divided by the driveways. To the left is the Olson cemetery, then the Corey cemetery, next the Mt Hope or Lamson cemetery, and to the far right Green Acres.
